C F G

in the place where I began. Can someone help me move away from here?

Chorus:

F C F C
I know You use this time to get me to where I need to be.

F Em F G
For You to build my faith required time away from me.

Main country riff – C

I guess all I can do is pray now.

There's nothing here upon the earth that I desire beside You.

My heart and flesh may fail but God I'll reach for You.

I'll keep on pressing for the goal, with You I'll never walk alone.

Forget what lies behind, and in Your strength I'll move away from here.

I know You use this time to get me to where I need to be

I want be closer to You, I need some time away from me

And all I can do is pray now
